We are looking forward to hosting a truly one-of-a-kind event for Mahjong players from across the region. It's shaping up to be an unforgettable weekend filled with fellow friendly competition, and fantastic prizes — including raffles, door prizes, and a special award for the **MAHJ Squad with the most members**.

Any group can form a squad, and your team may include both Tournament Players and Open Play participants. Many of you have already selected creative squad names — and we love seeing your personalities shine! **It's not too late to create a squad**. So gather your group, choose a squad name, and let us know you're in.

We encourage each squad to embrace a theme — coordinating t-shirts, festive hats and accessories, or anything that reflects your group's spirit. Mahjong Mississippi celebrates our shared love for the game while supporting the deserving children of Hope Village Children here in Meridian.

At this time, we do not have you listed as part of a squad — and that is perfectly fine! Many players are attending independently, and we look forward to meeting you — squad or not!

If you believe you should be listed with a squad, please reply and let us know. We're happy to update our records.

We're counting down the days and can't wait to gather for a weekend of Mahjong, meaningful connection, and support for Hope Village — Hope in Every Hand.

Best,

Kathy Tucker
Tournament Coordinator
